*The on the road is based on the recommended retail price (including VAT and VED) and on the road charges (including delivery costs). The OTR price excludes any selected third party after sales (see below).

The values for CO2 emissions have been determined according to the WLTP test. WLTP has been used as the applicable fuel and energy consumption and CO2 emissions figure from 1 January 2021 for vehicle registration tax (VRT).

**These prices are for the base model with the transmission offered in the basic version without additional options or accessories added. They are determined using the prescribed rounding methods (Directive 90 / 128 / EEC in its current version). Adding additional options can affect the CO2 emissions, resulting in a change in the base price of the car due to the change in VRT payable.
