THE ORIGINAL MINI REBORN.

The MINI Hatch is our original icon, because it's where it all began. It's the car that helped us discover our love of corners and still inspires our passion for go-kart handling. From the 1964 Monte Carlo Rally to now. And the story continues with the latest MINI Hatch range. Cars that can spark a smile before you even set off. Designed to make life a whole lot brighter. Built to stand out. Break routine. And shake off those shackles.

Wherever 2023 takes you, let the MINI Hatch help you find the way.

3 OR 5 DOORS.

BECAUSE WE LOVE GO-KART HANDLING.

The MINI 3-door Hatch is a true trailblazer. Committed to standing out from the crowd, it's expressive and self-assured – the choice for unconventional types. The MINI Hatch is made to enjoy urban life to the full. Compact on the outside, with short overhangs, it has a small turning circle which is handy for nimble manoeuvring in the concrete jungle, and offers room for four people.

BECAUSE WE LOVE 5 X THE FUN.

The MINI 5-door Hatch is 16 centimetres longer than the 3-door and has two extra doors which open up unexpected opportunities: five seats, noticeably more legroom in the back and 30% more luggage space. Ideal for the city, the sporty go-kart feeling makes it fun to drive around tight corners and helps you make your own way through narrow lanes and heavy traffic.

ENJOY THE GO-KART FEELING.

CHOOSE YOUR PERFORMANCE.

COOPER

A 1.5 litre 3-cylinder petrol engine (136hp / 100kW) offers a handy blend of power and fuel economy. It hosts a safety bar hidden behind a body colour panel, and a tailgate handle.

COOPER S

To really take things up a gear, climb aboard the MINI 3-door or 5-door Hatch Cooper S. Under the bonnet it boasts a 2.0 litre MINI TwinPower Turbo 4-cylinder petrol engine that generates 178hp / 131kW. The air intakes in the front bumper, the air scoop in the bonnet and the central twin exhaust tailpipe all hint at the power waiting to be unleashed on the road.

JOHN COOPER WORKS

Available only in the MINI 3-door Hatch, enjoy a fun-filled driving experience that is intensified. With a 2.0 litre 4-cylinder petrol engine (231hp / 170kW), the John Cooper Works packs the biggest punch. The standard John Cooper Works aerodynamic kit includes front and rear bumpers with sporty John Cooper Works styling and red brake calipers which underline the John Cooper Works heritage.

SENSIBLE REASONS TO CHOOSE A MINI.

Exceptional drive, build quality and an array of striking interior design features – all great reasons to buy a MINI but that's certainly not the whole story. Here are some other things you might find interesting:

GENUINE MINI ACCESSORIES.

Genuine MINI Accessories are the only range of products which are approved by the people that build the MINI. Every item is at one with the design, build and spirit of this uncompromising car. New or Approved Used, there are many ways to make your MINI unique with our innovative equipment and Accessories.

Be it exterior styling accessories including decals, alloy wheels, roof rack systems and mirror covers or why not tailor the interior, where the range extends from all-weather floor mats and door lock caps to MINI Advanced Car Eye 3.0 and Travel and Comfort systems for rear seat entertainment and storage.

Whichever you choose, Genuine MINI Accessories are sure to make your MINI as individual as you. For details of the full range available, speak to your local MINI Centre or [click here](#).

FINANCE THAT FOCUSES ON YOU.

Driving away in your new MINI could be closer than you think. From getting an online quote, to getting behind the wheel, we make the financing journey easier. We offer three tailored finance products, so whether you want to own or lease your MINI, you'll find a finance product that works for you. [Click here](#) for more information. What's more, you can manage your agreement online with MyMINI Finance.

MINI Select PCP (Personal Contract Purchase).

Having three options at the end of your agreement makes this our most popular finance product. At the end of the agreement, you can part-exchange the vehicle for another vehicle of your choice; hand the car back and pay no more; Keep the current vehicle – pay the final lump sum payment plus the option to purchase fee and the car then belongs to you. Mini Select PCP is a form of Hire Purchase. For New and Approved MINIs. Additional charges may be payable for both excess mileage (actual mileage higher than agreed contract mileage) and vehicle condition (using the standards set by the BMW Financial Service Vehicle Condition Guide).

MINI Hire Purchase.

The attraction of MINI Hire Purchase is that there are no mileage restrictions. Better still, when you get to the end of your finance agreement, your MINI is all yours, provided you have made all of the necessary payments due under your agreement, including an option to purchase fee at the end. We remain the owner of the vehicle during the agreement until you have made the final payment. For New or Approved Used MINIs.

MINI Contract Hire.

Enjoy city thrills or big adventures by simply hiring your MINI instead of owning it. At the end of the agreement, simply hand your MINI back. We remain the owner of the vehicle during the agreement. Not available on Approved Used MINIs.

BMW Financial Services (Ireland) DAC trading as Mini Financial Services is regulated by the Central Bank of Ireland. Finance provided subject to status. Offer available to Republic of Ireland residents only. Over 18s only. A guarantee may be required.

Warning:

You may have to pay charges if you pay off a hire purchase agreement early.

Warning:

If you do not meet the repayments on your hire purchase agreement, your account will go into arrears. This may affect your credit rating, which may limit your ability to access credit, a hire purchase agreement, a consumer hire agreement or a BNPL agreement in the future.
